H E L P

Dear Animal Lover,

The future has never been brighter for the homeless animals of East Texas. The Humane Society of East Texas is now a selective admission, no-kill animal sanctuary, and they are proud to claim that every animal under their care is safe from the threat of euthanasia for as long as it takes to find them an adoptive home. The focus now is to save lives and provide quality adoptions for these animals.

We need your help in funding a new twenty-run outdoor kennel complex for their large breed dogs. The current facility is in irreparable shape. Once the new kennel is constructed, the current pens will be replaced with a landscaped park area. Here prospective new owners can spend some time with their potential new pet. The HSOET receives no city or county funding and relies solely on private donations and fundraising events to raise the money needed to care for the animals and support their programs. All funds raised through this effort will go directly toward the \$156,000 cost for the new kennel and park area.

This is your opportunity to help these unfortunate animals become someone's pet! You also will have an opportunity to remember or honor a loved one or a beloved pet with a tax deductible contribution. The enclosed sheet details the naming opportunities and gift levels at the facility. We encourage you to visit the HSOET and see the incredible need for the upgrades to the facility.

Thank you, in advance, for your support.
